**VILLAGE OF LAKE IN THE HILLS**  
**PARKS & RECREATION BOARD MEETING**  
**December 6, 2018**

The Parks & Recreation Board meeting was called to order at 6:30 p.m. at the Lake in the Hills Village Hall. Those present were Members Andrea, Cairns, Lupo, Wackerlin, and Chairwoman Tredore. Also present were Director of Community Services Fred Mullard, Assistant Director of Parks & Recreation Megan Croy, Recreation Supervisor Kristi Brewer, Trustee Suzanne Artinghelli, and Recording Secretary Laura Pekovic. Member Sandage was absent.

**PUBLIC COMMENT ON AGENDA ITEMS--None**

**APPROVAL OF MINUTES**

A motion to approve the minutes of the Parks & Recreation Board meeting of November 1, 2018 was made by Member Lupo and seconded by Member Wackerlin. The motion was approved by a vote of 5-0.

**OLD BUSINESS – Goals**

Pursuant to the vision on how staff can enhance and improve services within the community, there was an active discussion among Board members and staff regarding the safety of the parks programs and equipment, as well as the uniqueness of Lake in the Hills.

Regarding the “Safe” vision of Lake in the Hills, comments from the Board were that the parks and playgrounds are well maintained, equipped with appropriate warning signs, and a Thoroguard lightening alert system at Sunset Park. It is important that events need to be safe for all with clear exits. Director Mullard explained that there are certified playground inspectors at Public Works who do monthly inspections. They are able to do some immediate repairs or will take a playground piece out of service until a replacement can be installed. Public Works and the Algonquin/Lake in the Hills Fire Department also conduct regular, Village-facility inspections.

In response to a member inquiry, Parks staff described Village safety plans currently in place when hosting programs with children and seniors. Background checks are conducted of all employees who work with children and seniors. Records are safely secured in accordance with DCFS guidelines. Employees receive first aid, driver-safety, and food safety training/certification. Parks and Recreation staff works with the Police Department for event weather-related emergency plans.

Regarding the “Uniquely Lake in the Hills” vision, comments from the Board were that Lake in the Hills has the uniqueness of both open space and water. The airport and fen are also unique. In order to create more of an identity to Lake in the Hills it is important to select programs around these places and advertise as such. The Turtle Island Improvement Project is a good example of this.

Megan Croy reviewed the staff report. The Beyond the Bell program needs staff. Finding a supervisor that has the required skill set has been a challenge. For now, Kristi Brewer has been stepping up to that role in addition to her regular duties. The Letters to Santa program is going well with personalized, handwritten letters being written by the Senior Club members. The Customer Service Division/employee relocation was explained. The former Parks and Recreation office staff area is proposed to be new preschool rooms to replace the Indian Trail Beach location, pending 2019 budget approval.

**NEW BUSINESS--None**

**TRUSTEE LIAISON REPORT--None**

**MEMBER COMMENTS--None**

**AUDIENCE PARTICIPATION--None**

**ADJOURNMENT**

Member Lupo made a motion to adjourn the meeting. Member Wackerlin seconded the motion. The motion was approved by a voice vote of 5-0. The meeting adjourned at 6:30 p.m.

# INFORMATIONAL MEMORANDUM

---

**MEETING DATE:** February 7, 2019  
**DEPARTMENT:** Community Services  
**SUBJECT:** Vision

## EXECUTIVE SUMMARY

---

The National Recreation and Parks Association suggest that the organization have a vision statement that is inspirational, far-reaching, and states where the organization is going. At each scheduled Parks and Recreation Board meeting, staff will discuss with the Parks and Recreation Board the vision to enhance and improve services provided to the community. The Board is encouraged to share and incorporate into the discussion any feedback received from residents, information from visiting playgrounds and facilities in Lake in the Hills and other communities, or trending ideas from a variety of media. Attached is the summary of what we have already discussed.

This month's point for discussion, also our final points, is "TRANSPARENT and A GOOD INVESTMENT."

## FINANCIAL IMPACT

---

None

## ATTACHMENTS

---

None

## SUGGESTED DIRECTION

---

Conduct an active discussion of how TRANSPARENT and A GOOD INVESTMENT are a part of the Village's Parks and Recreation activities.

# Parks and Recreation Vision

## Open To All

Create greater access to quality programming and facilities for those who have been traditionally underserved by showcasing parks, facilities, and programs on Facebook, Village website, and seasonal brochures to create interest and increase awareness of Village services

## Relevant and Diverse

Create greater access to quality programming and facilities for those who have been traditionally underserved.

## Healthy

Provide residents and non-residents structured and self-initiated opportunities to get outdoors, move their bodies, and enjoy leisure activities.

## Green

Be excellent stewards of the environment and resources through education and programs that favor the natural environment and actions that support long-term sustainability.

## Strategic and Productive

Apply due diligence in planning, executing, and evaluation all activities through clearly established goals, detailed program analysis, and efficient use of resources to meet the needs of the Village's residents.

## Safe

Create a culture where safety of participants and staff is a key consideration in event planning & operations, park and facility operation & maintenance, and staff & volunteer training . Prepare for potential natural and manmade hazards and maintain a reporting structure for observed defects.

## Uniquely LITH

Create programs that celebrate and differentiate Lake in the Hills from others by considering the traditions, historic, cultural, and natural beauty that is Lake in the Hills. Make the residents our primary source of ideas and feedback.

## Transparent

## A Good Investment

# INFORMATIONAL MEMORANDUM

---

**MEETING DATE:** February 7, 2019  
**DEPARTMENT:** Community Services  
**SUBJECT:** LaBuy Playground Replacement RFP

## EXECUTIVE SUMMARY

---

A Request for Simplified Proposal was put out asking for renderings for the upcoming LaBuy Playground replacement. Nine submissions were received from five different vendors. These vendors were asked to attend a public focus group to present their renderings and receive resident feedback. With resident, staff, and parks and Recreation Board input, we will select three vendors to complete a final request for Proposal.

## FINANCIAL IMPACT

---

None

## ATTACHMENTS

---

Renderings received from Burke, Cunningham, NuToys, Parkreation, and Team Reil.

## SUGGESTED DIRECTION

---

The Board is asked to provide input, while considering resident and staff feedback, to assist in selecting three vendors to move forward in the bid process.

## **Konnection Swing™**

### Safety Standards & Guidelines - Reference Information

The Konnection Swing was designed to provide an intergenerational play opportunity and offer everyone the childhood joy of swinging! While researching the use of swings, two trends stood out to us - caregivers pushing infants in bucket seat swings and adults swinging with children on their lap. Both situations could be improved with the design of a swing designed to foster connection and increase safety. The Konnection Swing was developed as a direct result of this. The overall design is focused on fostering true connection in both eye contact and proximity leading to increased engagement for all users. Hands-free swinging allows the caregiver to hold, interact and play with the child as they both experience the thrill of swinging together.

The Konnection Swing is IPEMA Certified and meets or exceeds the requirements of ASTM F1487-17, which is recognized as the standard of care in the playground industry. This ASTM public playground safety standard is revised every two to three years to remain current with innovation and market trends.

The CPSC Public Playground Safety Handbook hasn't been revised since 2008 and doesn't include new product categories that have been innovated in recent years. There are a couple of points to note when deciding to purchase a multi-user swing:

- Multi-user swings are innovative and CPSC Public Playground Safety Handbook doesn't have a standard that specifically covers them.
- CPSC 5.3.8.3.1 – CPSC recommends that belt swing seats should be designed to accommodate no more than one user at any time. While the Konnection Swing is a single axis swing, it is clearly not a belt seat.
- CPSC 2.3.1 – CPSC says that swings intended for more than one user are not recommended because their greater mass, as compared to single occupancy swings, presents a risk of impact injury.
  - The ASTM safety standard, F1487, was revised in 2011 to add maximum impact requirements for swings and the Konnection Swing has been tested and is compliant with ASTM impact requirements.
  - CPSC has written a letter stating that “the swing impact test in F1487-11 is a reasonable approach to address the concerns posed by unoccupied, heavy, multiple occupancy swings.”
- CPSC has always included an exemption to both recommendations listed above for tire swings, which are multiple occupancy swings that are suspended from a single pivot and permit swinging in any direction.
- CPSC also emphasizes that their Handbook provides recommendations, not requirements. If a jurisdiction adopts the Handbook's recommendations as mandatory requirements, that jurisdiction would need to determine how the requirements should be applied in any particular instance.

# BURKE GENERATIONS WARRANTY®

## The Longest and Strongest warranty in the industry

BCI Burke Company, LLC ("Burke") warrants that all standard products are warranted to be free from defects in materials and workmanship, under normal use and service, for a period of one (1) year from the date of invoice.

### We stand behind our products.

In addition, the following products are warranted, under normal use and service from the date of invoice as follows:

- One Hundred (100) Year Limited Warranty on aluminum and steel upright posts (including Intensity®, Voltage®, Nucleus®, Little Buddies® and ELEVATE®/ACTIVATE®) against structural failure due to corrosion, deterioration or workmanship.
- One Hundred (100) Year Limited Warranty on KoreConnect® clamps against structural failure due to corrosion, deterioration or workmanship.
- One Hundred (100) Year Limited Warranty on Hardware (nuts, bolts, washers)
- One Hundred (100) Year Limited Warranty on bolt-through fastening and clamp systems (Voltage®, Intensity®, Nucleus®, Little Buddies® and ELEVATE®/ACTIVATE®).
- Twenty-five (25) Year Limited Warranty on spring assemblies and aluminum cast animals.
- Fifteen (15) Year Limited Warranty on main structure platforms and decks, metal roofs, table tops, bench tops, railings and barriers.
- Fifteen (15) Year Limited Warranty on all plastic components including StoneBorders against structural failure due to materials or workmanship.
- Ten (10) Year Limited Warranty on ShadePlay Canopies fabric, threads, and cables against degradation, cracking or material breakdown resulting from ultra-violet exposure, natural deterioration or manufacturing defects. This warranty is limited to the design loads as stated in the specifications.
- Ten (10) Year Limited Warranty on NaturePlay® Boulders and GFRC products against structural failure due to natural deterioration or workmanship. Natural wear, which may occur with any concrete product with age, is excluded from this warranty.
- Ten (10) Year Limited Warranty on Full Color Custom Signage against manufacturing defects that cause delamination or degradation of the sign. Full Color Custom Signs also carry a two (2) year warranty against premature fading of the print and graphics on the signs.
- Five (5) Year Limited Warranty on Intensity® and RopeVenture® cables and LEVEL X® flex bridge against premature wear due to natural deterioration or manufacturing defects. Determination of premature wear will be at the manufacturer's discretion.

- Five (5) Year Limited Warranty on PlayEnsemble® cables and mallets against defects in materials and workmanship.
- Three (3) Year Limited Warranty on electronic panel speakers, sound chips and circuit boards against electronic failure caused by manufacturing defects.

The warranty stated above is valid only if the equipment is erected in conformity with the layout plan and/or installation instructions furnished by BCI Burke Company, LLC using approved parts, have been maintained and inspected in accordance with BCI Burke Company, LLC instructions. Burke's liability and your exclusive remedy hereunder will be limited to repair or replacement of those parts found in Burke's reasonable judgment to be defective. Any claim made within the above stated warranty periods must be made promptly after discovery of the defect. A part is covered only for the original warranty period of the applicable part. Replacement parts carry the applicable warranty from the date of shipment of the replacement from Burke. After the expiration of the warranty period, you must pay for all parts, transportation and service charges.

Burke reserves the right to accept or reject any claim in whole or in part. Burke will not accept the return of any product without its prior written approval. Burke will assume transportation charges for shipment of the returned product if it is returned in strict compliance with Burke's written instructions.

**THE FOREGOING WARRANTIES ARE EXCLUSIVE AND IN LIEU OF ANY OTHER WARRANTY, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. IF THE FOREGOING DISCLAIMER OF ADDITIONAL WARRANTIES IS NOT GIVEN FULL FORCE AND EFFECT, ANY RESULTING ADDITIONAL WARRANTY SHALL BE LIMITED IN DURATION TO THE EXPRESS WARRANTIES AND BE OTHERWISE SUBJECT TO AND LIMITED BY THE TERMS OF BURKE'S PRODUCT WARRANTY. SOME STATES DO NOT ALLOW THE EXCLUSION OF CERTAIN IMPLIED WARRANTIES, SO THE ABOVE LIMITATION MAY NOT APPLY TO YOU.**

**Warranty Exclusions:** The above stated warranties do not cover: "cosmetic" defects, such as scratches, dents, marring, or fading; damage due to incorrect installation, vandalism, misuse, accident, wear and tear from normal use, exposure to extreme weather; immersion in salt or chlorine water, unauthorized repair or modification, abnormal use, lack of maintenance, or other cause not within Burke's control; and

**Limitation of Remedies:** Burke is not liable for consequential or incidental damages, including but not limited to labor costs or lost profits resulting from the use of or inability to use the products or from the products being incorporated in or becoming a component of any other product. If, after a reasonable number of repeated efforts, Burke is unable to repair or replace a defective or nonconforming product, Burke shall have the option to accept return of the product, or part thereof, if such does not substantially impair its value, and return the purchase price as the buyer's entire and exclusive remedy. Without limiting the generality of the foregoing, Burke will not be responsible for labor costs involved in the removal of products or the installation of replacement products. Some states do not allow the exclusion of incidental damages, so the above exclusion may not apply to you.

## **Konnection Swing™**

### Safety Standards & Guidelines - Reference Information

The Konnection Swing was designed to provide an intergenerational play opportunity and offer everyone the childhood joy of swinging! While researching the use of swings, two trends stood out to us - caregivers pushing infants in bucket seat swings and adults swinging with children on their lap. Both situations could be improved with the design of a swing designed to foster connection and increase safety. The Konnection Swing was developed as a direct result of this. The overall design is focused on fostering true connection in both eye contact and proximity leading to increased engagement for all users. Hands-free swinging allows the caregiver to hold, interact and play with the child as they both experience the thrill of swinging together.

The Konnection Swing is IPEMA Certified and meets or exceeds the requirements of ASTM F1487-17, which is recognized as the standard of care in the playground industry. This ASTM public playground safety standard is revised every two to three years to remain current with innovation and market trends.

The CPSC Public Playground Safety Handbook hasn't been revised since 2008 and doesn't include new product categories that have been innovated in recent years. There are a couple of points to note when deciding to purchase a multi-user swing:

- Multi-user swings are innovative and CPSC Public Playground Safety Handbook doesn't have a standard that specifically covers them.
- CPSC 5.3.8.3.1 – CPSC recommends that belt swing seats should be designed to accommodate no more than one user at any time. While the Konnection Swing is a single axis swing, it is clearly not a belt seat.
- CPSC 2.3.1 – CPSC says that swings intended for more than one user are not recommended because their greater mass, as compared to single occupancy swings, presents a risk of impact injury.
  - The ASTM safety standard, F1487, was revised in 2011 to add maximum impact requirements for swings and the Konnection Swing has been tested and is compliant with ASTM impact requirements.
  - CPSC has written a letter stating that “the swing impact test in F1487-11 is a reasonable approach to address the concerns posed by unoccupied, heavy, multiple occupancy swings.”
- CPSC has always included an exemption to both recommendations listed above for tire swings, which are multiple occupancy swings that are suspended from a single pivot and permit swinging in any direction.
- CPSC also emphasizes that their Handbook provides recommendations, not requirements. If a jurisdiction adopts the Handbook's recommendations as mandatory requirements, that jurisdiction would need to determine how the requirements should be applied in any particular instance.

# BURKE GENERATIONS WARRANTY®

## The Longest and Strongest warranty in the industry

BCI Burke Company, LLC ("Burke") warrants that all standard products are warranted to be free from defects in materials and workmanship, under normal use and service, for a period of one (1) year from the date of invoice.

### We stand behind our products.

In addition, the following products are warranted, under normal use and service from the date of invoice as follows:

- One Hundred (100) Year Limited Warranty on aluminum and steel upright posts (including Intensity®, Voltage®, Nucleus®, Little Buddies® and ELEVATE®/ACTIVATE®) against structural failure due to corrosion, deterioration or workmanship.
- One Hundred (100) Year Limited Warranty on KoreConnect® clamps against structural failure due to corrosion, deterioration or workmanship.
- One Hundred (100) Year Limited Warranty on Hardware (nuts, bolts, washers)
- One Hundred (100) Year Limited Warranty on bolt-through fastening and clamp systems (Voltage®, Intensity®, Nucleus®, Little Buddies® and ELEVATE®/ACTIVATE®).
- Twenty-five (25) Year Limited Warranty on spring assemblies and aluminum cast animals.
- Fifteen (15) Year Limited Warranty on main structure platforms and decks, metal roofs, table tops, bench tops, railings and barriers.
- Fifteen (15) Year Limited Warranty on all plastic components including StoneBorders against structural failure due to materials or workmanship.
- Ten (10) Year Limited Warranty on ShadePlay Canopies fabric, threads, and cables against degradation, cracking or material breakdown resulting from ultra-violet exposure, natural deterioration or manufacturing defects. This warranty is limited to the design loads as stated in the specifications.

- Five (5) Year Limited Warranty on PlayEnsemble® cables and mallets against defects in materials and workmanship.
- Three (3) Year Limited Warranty on electronic panel speakers, sound chips and circuit boards against electronic failure caused by manufacturing defects.

The warranty stated above is valid only if the equipment is erected in conformity with the layout plan and/or installation instructions furnished by BCI Burke Company, LLC using approved parts, have been maintained and inspected in accordance with BCI Burke Company, LLC instructions. Burke's liability and your exclusive remedy hereunder will be limited to repair or replacement of those parts found in Burke's reasonable judgment to be defective. Any claim made within the above stated warranty periods must be made promptly after discovery of the defect. A part is covered only for the original warranty period of the applicable part. Replacement parts carry the applicable warranty from the date of shipment of the replacement from Burke. After the expiration of the warranty period, you must pay for all parts, transportation and service charges.

Burke reserves the right to accept or reject any claim in whole or in part. Burke will not accept the return of any product without its prior written approval. Burke will assume transportation charges for shipment of the returned product if it is returned in strict compliance with Burke's written instructions.

**THE FOREGOING WARRANTIES ARE EXCLUSIVE AND IN LIEU OF ANY OTHER WARRANTY, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. IF THE FOREGOING DISCLAIMER OF ADDITIONAL WARRANTIES IS NOT GIVEN FULL FORCE AND EFFECT, ANY RESULTING ADDITIONAL WARRANTY SHALL BE LIMITED IN DURATION TO THE EXPRESS WARRANTIES AND BE OTHERWISE SUBJECT TO AND LIMITED BY THE TERMS OF BURKE'S PRODUCT WARRANTY. SOME STATES DO NOT ALLOW THE EXCLUSION OF CERTAIN IMPLIED WARRANTIES, SO THE ABOVE LIMITATION MAY NOT APPLY TO YOU.**

**Warranty Exclusions:** The above stated warranties do not cover: "cosmetic" defects, such as scratches, dents, marring, or fading; damage due to incorrect installation, vandalism, misuse, accident, wear and tear from normal use, exposure to extreme weather; immersion in salt or chlorine water, unauthorized repair or modification, abnormal use, lack of maintenance, or other cause not within Burke's control; and

**Limitation of Remedies:** Burke is not liable for consequential or incidental damages, including but not limited to labor costs or lost profits resulting from the use of or inability to use the products or from the products being incorporated in or becoming a component of any other product. If, after a reasonable number of repeated efforts, Burke is unable to repair or replace a defective or nonconforming product, Burke shall have the option to accept return of the product, or part thereof, if such does not substantially impair its value, and return the purchase price as the buyer's entire and exclusive remedy. Without limiting the generality of the foregoing, Burke will not be responsible for labor costs involved in the removal of products or the installation of replacement products. Some states do not allow the exclusion of incidental damages, so the above exclusion may not apply to you.

1. The Americans with Disabilities Act (ADA) may require that you make your park and/or playground accessible when viewed in its entirety. Please consult your legal counsel to determine if the ADA applies to you.
2. For playground equipment to be considered accessible, accessible surfacing must be utilized in applicable areas.
3. Although a particular playground design may not meet the proposed Access Board Regulations in regards to the appropriate number of ground level events, the actual playground may be in compliance when considering existing play components.
4. All deck heights are measured from top of ground cover.
5. Fall absorbing ground cover is required under and around all play equipment.
6. The minimum recommended fall zone around the entire playstructure is shown. This zone is to be free of all tripping or collision hazards (i.e. roots, rocks, border material, etc.).
7. All post lengths are identified by text showing the post lengths, i.e. 96 represents a 96 inch post.
8. Not all equipment may be appropriate for all children. Supervision is required.

Monthly Report – February 7, 2019**

***Dates of Interest:***                      ***Saturday, February 9 – Daddy Daughter Day and Night***  
***Monday, February 18 – Teen Job Fair***

***Parks Project Status –***

The ice rink at Sunset Park was opened to the public on January 25. Details on closures are located on the Village's website.

The LaBuy Playground Request for Simplified Proposal ended on January 31. Vendors are invited to attend a February 7 resident focus group on February 7 at 6 p.m. to assist in selection of three vendors to submit a final proposal.

Plote Field lighting improvements and scoreboard installation will take place mid-March as the weather becomes more conducive to truck traffic.

The Turtle Island project is still in consideration for the OSLAD grant. We expect to receive a response within the next month.

***Recreation Project Status –***

Preschool Academy returning family registration began on Friday, February 1. So far twelve students have registered and many calls and messages are being received. New students can register starting February 15.

Preschool Academy classes and the Beyond the Bell after school program were closed on Monday, January 8 and Wednesday January 30 through Friday, February 1 due to inclement weather. Participants are notified by email of program cancellations. All cancellations were also posted on Facebook.

230 Bark Park memberships have already been purchased for 2019.

The Ice Fishing Tournament was held on Saturday, February 2. Approximately 60 participants attended and enjoyed their time fishing. Snacks were provided and all participants were put into a drawing for door prizes. Trophies were given to the angler catching the biggest, smallest, and most fish.

Staff is beginning to plan for changes to the former parks and Recreation office space that will be transformed into two preschool classrooms for the 2019-2020 school year.

We are currently interviewing candidates for the open Recreation Coordinator position. We hope to complete the process and fill the position by mid-February.

3	Many families I know pay NR to attend Nature Tots in Crystal Lake. I tried to bring a similar program to our area but my team was unsuccessful (Tinkergarten). I'm a leader on a local admin page and one area of programming regularly asked about is 0-5, specifically 0-3. Any programs, besides Tot Rock, that you can offer preschoolers and younger. My son did the one session offered of TBall last summer and wanted more. This age group is constantly searching for classes and events.	1/26/2019 4:08 AM
