For Immediate Release

Lake in the Hills, IL – The Illinois Department of Public Health has advanced Region 9 (McHenry and Lake Counties) to Tier 2 mitigations. Following the guidelines issued by the state for Tier 2, the Village will implement the following changes:

- Village Hall, Public Works, and the Airport office will reopen to the public on Thursday, January 21, with standard operating hours. Masks and facial coverings will be mandatory at each facility in accordance with the Tier 2 requirements. Informational signage is posted at each facility to promote social distancing.
- Organized group recreational activities will resume with a limit to the lesser of 25 guests or 25% of overall room capacity both indoors & outdoors.

All other previously established service and operational modifications remain in place. Social distancing in Tier 2 is still the norm. As such, the Village still requires the wearing of masks at its facilities when conducting Village business and encourages residents to complete tasks through the Village website when possible, such as making payments or applying for permits. Additional Tier 2 information may be found online at coronavirus.illinois.gov/s/restore-illinois-mitigation-plan

Regular updates on the Village's actions taken in response to the COVID-19 pandemic are continually posted on lith.org/coronavirus and on social media. As always, the health and safety of the community is the Village's top priority. The public is strongly encouraged to take all precautions advised by the CDC and to follow all Restore Illinois guidelines to help slow the spread of COVID-19.
