Water Division Publishes 2021 Lake in the Hills Water Quality Report

Lake in the Hills, IL – The Water Division of the Lake in the Hills Public Works Department published 2021 Lake in the Hills Water Quality Report on the [Village website](#). Each year, the State of Illinois requires the Village to monitor certain regulated contaminant levels in the drinking water to ensure that the water is safe to consume.

The annual Water Quality Report provides residents with important information about the quality of the drinking water and the efforts made by the Village of Lake in the Hills to ensure a safe water supply. The Village had zero Environmental Protection Agency water quality violations for the 2021 reporting year.

Residents who would like to request a printed copy may contact the Public Works Department at 847-960-7500. Please contact Water Superintendent Ryan McDillon at 847-960-7500 with any questions regarding the information in the 2021 Lake in the Hills Water Quality Report.
