

SECTION 13

ACCESSORY STRUCTURES

13.1 AUTHORIZATION

Subject to the limitations and provisions of this Section, accessory structures and uses shall be permitted in any zoning district in connection with a principal structure or use lawfully existing within such district.

13.2 GENERAL PROVISIONS

13.2-1 *Placement:*

- A. An accessory structure may not be located nearer to any interior lot line than permitted for the main building when located in a side yard as defined in Sections 6,7,8,9, and 10 of this Zoning Code. When an accessory structure is located in the rear yard, it may then be located within four feet of the interior lot line, or within five feet of the rear lot line, however, no accessory building may encroach onto any easement.
- B. No accessory structure shall be located on a reversed corner lot beyond the front yard required on the adjacent lot to the rear, nor located nearer than six feet to the side lot line of an adjacent lot to the rear where there is a building on such a lot to the rear.
- C. Accessory structures may not be erected in front of the main building on a zoning lot, unless otherwise permitted in this Section.
- D. An accessory structure shall not be erected prior to the establishment or construction of the principal structure to which it is accessory.
- E. Swimming pools in all R Districts shall be located not less than twenty (20) feet from any principal building on an adjacent lot.

13.3 SIZE, FLOOR AREA

- 13.3-1 *Height Limitations:* For Residential zoned properties, the maximum height for detached garages shall be 16 feet and all other accessory structures shall have a maximum height of 12 feet.
- 13.3-2 *Size:* No accessory building shall exceed 150 square feet in size, except that sheds may not exceed 120 square feet and garages may not exceed 624 square feet, and that enclosures for outside storage in business and manufacturing districts may not exceed 300 square feet.
- 13.3-3 *Anchoring:* Detached garages, gazebos and sheds shall be permanently anchored on all corners.
- 13.3-4 *Concrete Floor:* Garages and enclosures for outside storage in business and manufacturing districts shall have a concrete floor with the thickness and aggregate as provided in the appropriate provisions of the building codes adopted by the Village.
- 13.3-5 *Exclusions:*
- A. Antennas and amateur radio facilities shall comply with Section 14 of this Zoning Code.
 - B. Small Wind Energy Systems shall comply with Section 27 of this Zoning Code.
 - C. Where a substantial part of the wall of an accessory structure is a part of the wall of the main building, or where an accessory building is attached to the main building in a substantial manner as by a roof, such accessory structure shall be considered to be part of the main building.
 - D. Sheds 40 square feet and smaller made of any synthetic plastic material.

13.4 EXEMPTION FOR VILLAGE-OWNED OR OPERATED BUILDINGS

Nothing in this Zoning Code shall prohibit the erection of any accessory structure of any size in any yard to a Village-owned or operated building.
