

VILLAGE OF LAKE IN THE HILLS

COMMUNITY GARDEN PLOTS

Let's Grow LITH

OUR VISION: The Village of Lake in the Hills Community Garden Plots will be a space for community members to connect with the earth, meet and learn from each other, and build resilient communities while growing and harvesting local food.

The Village of Lake in the Hills offers 20' x 20' garden plots at the Public Works property located at 9010 Haligus Road.

Garden plot registration begins in February and March.

Conditions permitting, annual plots will tilled by the Public Works Department seasonally, and gardening begins in April.

It is the gardener's responsibility to maintain these plots throughout the growing season and remove all debris by the end of October, the end of the Community gardening year.

Rules & regulations apply.

RESERVATION INFORMATION

Month of February:

Returning gardeners may reserve the same plots rented the year prior.

1st Monday in March:

Open registration begins for all new and returning gardeners and resident non-profit groups.

GARDEN PLOT RATES

Residents: \$30 per plot

Non-Residents: \$40 per plot

Resident Non-Profit Groups: \$28 per plot (limit 1)

Fee includes seasonal tilling, water source and portable bathroom on-site during summer months.
