Celebrating 20 Years of Excellence: The New Gordon Larsen Business Achievement Awards

Lake in the Hills, IL—The Village of Lake in the Hills proudly commemorates the 20th anniversary of the Gordon Larsen Business Achievement Awards, unveiling an exciting new approach to celebrating local businesses and their invaluable contributions to the community.

Nominate Your Favorite Lake in the Hills Business:

From July 1 to November 15, 2024, residents and business customers are called upon to nominate their favorite Lake in the Hills business for the prestigious title of Business of the Year. Compelling reasons are sought for why the chosen business deserves recognition for its outstanding achievements.

Vote for the Business of the Year:

Once the nomination period concludes, a list of businesses will be compiled based on a number of criteria, including the feedback received from the community during the July 1 through November 15 nomination period. A list of identified business will be presented through a survey for public voting. The public is to vote between December 2, 2024, and January 15, 2025.

During the voting period, residents and businesses will have the opportunity to cast a vote for the business most deserving of the title of Lake in the Hills Business of the Year. Participation is encouraged to recognize the businesses that make a lasting impact on the community.

In early 2025, the recipient of the Gordon Larsen Business Achievement Award will be announced and honored at an award ceremony at Village Hall.

Visit lith.org/gordonlarsen to learn more and submit nominations.
