Re: Lake in the Hills – Woods Creek Reach 10 Restoration Project

Dear Resident,

The Village of Lake in the Hills is pleased to inform you that the Woods Creek located near your property will be receiving restoration improvements this year, beginning August of 2019.

### **Project Description**

The intent of the Woods Creek Reach 10 Restoration project is to stabilize approximately 1,817 linear feet of Woods Creek and improve the adjacent wetlands back to its native conditions. The general scope of work required will consist of the removal of non-native vegetation, streambank restoration, tree removal, seeding of native vegetation, installation of toe slope protection and stream bank grading along Woods Creek.

Additional information can be found online at the following locations:

Village of Lake In The Hills Facebook Page: [www.facebook.com/LakeintheHillsIL](http://www.facebook.com/LakeintheHillsIL)

Village website: [www.lith.org/publicworks/page/woods-creek-reach-10-restoration](http://www.lith.org/publicworks/page/woods-creek-reach-10-restoration)

Information will also be distributed via the Village Resident Insider.

### **Public Right-of-Way**

Please note that all work will be performed within the Village right-of-way. If you have any type of existing features within the Village right-of-way area (i.e. sprinkler system, landscape features, fire pits, electronic “invisible” dog fence, etc.), precautions should be taken by you, the property owner, to remove these items to prevent damage to them during construction. The Village will not repair or replace private property left within the Village right-of-way.

### **Contact Information**

The contract for this work has been awarded to Applied Ecological Services, Inc. of Huntley, IL as the general contractor for this project.

Guy Fehrman, LITH Superintendent of Streets, will be the Village representative for the project. Guy may be reached at 847.960.7507 or [lfehrman@LITH.org](mailto:lfehrman@LITH.org).

Chad Pieper, LITH Village Engineer, will be the project manager for the project. Chad may be reached at 815.759.8346 or [cpieper@hrgreen.com](mailto:cpieper@hrgreen.com).

Joshua Schmitt, Construction Technician III, will be the on-site engineer performing construction inspections and acting as the field liaison to residents and property owners. Josh may be reached at 815.276.2081 or [jschmitt@hrgreen.com](mailto:jschmitt@hrgreen.com).

**Upcoming Open Houses**

Two open house meetings will be held to discuss the project in more detail. They are scheduled for Thursday, August 22, 2019 and Tuesday, August 27, 2019. Both open houses will be held from 5:30pm until 6:30pm and will be at the Village Hall (600 Harvest Gate Rd). All are invited to come and learn more about the Woods Creek Reach 10 Restoration Project.

Sincerely,

A handwritten signature in black ink that reads "Daniel M. Kaup". The signature is written in a cursive style and is contained within a thin black rectangular border.

Daniel Kaup

Director of Public Works
